

Website Policy

By accessing this website, you agree to be subject to the terms and conditions set out below and to any other notices or disclaimers contained in this website.

GAIN Capital Australia Pty Ltd (trading as “City Index”) has provided the information available on this website for your general information, we take great care to ensure that such information is accurate, however we accept no liability in this respect, including in relation to information provided by third parties. You should be aware that the content is subject to change without notice. We will not be liable in any way for any loss or damage suffered by you through use of or access to this website, or our failure to provide this website.

The information maintained in this website is intended to help you understand some of the complexities involved in trading our products. It contains general advice only, which is not based upon your personal objective, financial situation or needs, nor does it purport to be comprehensive investment advice and accordingly, should not be relied upon as such. Before acting on any advice contained in this website, you should consider the appropriateness of that advice to your circumstances before deciding to acquire or hold a financial product.

All copyright, trademarks and other intellectual property rights in the content of this website belong to us or our licensors. No information on this website may be reproduced, adapted, uploaded to a third party distributed or transmitted in any form by any process without our specific written consent.

The information on this website is not targeted at the general public of any particular country. Access to this website may be restricted by law in certain jurisdictions and the information on this website is not intended for distribution to, or use by, residents in any country where such distribution or use would contravene any local law or regulatory requirement.

The services offered on this web site are only available following completion of and acceptance by City Index of the Application Form. Similarly, we have made every effort to describe the benefits and risks associated with these services which you should ensure you understand before contemplating an application. In the ordinary course of its business, City Index may hold positions in one or more financial instruments which feature on this website.

You acknowledge and agree that any instruction given by you or on your behalf via our website is made at your own risk. You will be responsible for keeping your account number and password confidential and acknowledge that we shall be entitled to rely upon these details to identify you. City Index uses a technology known as “cookies” as part of its normal business procedure to track patterns of behaviour of visitors to our site. We also use cookies to give you access to certain pages of our website without having to log in each time you visit.

Cookies are frequently used on many websites on the internet. A cookie is an element of data that our website sends to your browser which is then stored on your system. We may store any information collected about you in this way which can be used to identify you when you visit our site in future, unless you change your browser settings to switch off cookies. If you want to know how to do this, please look at the help menu on your browser. However, you may not be able to use all the interactive features of our website if cookies are disabled, particularly the secure parts of the website.

The City Index website may from time to time have links to third party websites. Please note that third party websites are not covered by or subject to City Index’ Privacy Policy.

GAIN Capital Australia Pty Ltd (ACN 141 774 727) is the holder of Australian Financial Services License number 345646. A Product Disclosure Statement is available from our website for use by investors in Australia. Investors in Australia should read and consider the Product Disclosure Statement before making any decision to deal in City Index products, which include foreign exchange

and derivatives. Derivatives can be highly leveraged; they can carry a high level of risk and are not suitable for all investors.
