New Margin Requirement

--

StoneX Europe Ltd may change the Margin Requirements at any time, without prior notice to Customer. No previous Margin Requirement shall preclude StoneX Europe Ltd from increasing that requirement without prior notice. The high leverage and low margin associated with CFD Trading can result in significant losses due to price changes in CFD Contracts underlying assets. Customers must maintain the Minimum Margin Requirement on their Open Positions at all times. It is the customer's responsibility to monitor their Account Balance. StoneX Europe Ltd has the right to liquidate any or all Open Positions whenever the Minimum Margin Requirement is not maintained. CFD trading is highly speculative and is suitable only for those customers who: (a) understand and are willing to assume the economic, legal, and other risks involved, and (b) are financially able to assume losses.

Please note that the maximum/cap leverage of Retails investors on the opening of a position is from 30:1 to 2:1. In specific:

- 30:1 for major currency pairs;
- 20:1 for non-major currency pairs, gold and major indices;
- 10:1 for commodities other than gold and non-major equity indices;
- 5:1 for individual equities and other reference values;
- 2:1 for cryptocurrencies;
