Execution Quality Summary Regulatory Technical Standard 28

1. Introduction

StoneX Europe Ltd has prepared and published this document pursuant to Article 27(10)(b) of MiFID II, as adopted by the European Commission Delegated Regulation (EU) 2017/56.

The Regulatory Technical Standard 28 is a summary of analysis and conclusions regarding the quality of execution provided by our Company and provides information based on regular assessments undertaken by StoneX Europe Ltd. The Company offers execution of orders on Contracts for Difference to its clients.

The Company has established and maintains an Order/Best Execution Policy where specific factors are considered to achieve the best possible outcome when executing client orders. For detailed information, please refer to the [Order/Best Execution Policy](#) as available on the Company's website.

2. Execution Factors

When executing clients' orders, the Company takes all sufficient steps to obtain the best possible result on a total consideration basis. The execution factors, as set out below, are taken into consideration by our Company in order to deliver best execution to our clients, and each of these factors are assigned with the relevant importance.

- Price formation (HIGH IMPORTANCE);
- Costs paid by clients (HIGH IMPORTANCE);
- Speed of execution (HIGH IMPORTANCE);
- Likelihood of execution and settlement (HIGH IMPORTANCE);
- Counterparty Risk involved in the execution of StoneX Europe Ltd clients' orders (HIGH IMPORTANCE)
- Transaction size (MEDIUM IMPORTANCE); and
- Nature of the trade order (MEDIUM IMPORTANCE).

The relevant importance assigned to each of the above execution factors, is affected by the following criteria:

- The Characteristics of the Client;
- The Characteristics of the Client's Order;
- The Characteristics of the relevant financial Instrument; and
- The Characteristics of the execution venue;

3. Best Execution per client categorisation

Best execution is provided to clients with the same priority and importance, both to retail and professional clients, irrespective of their classification.

4. Execution Venues

The Company acts as a counterparty to all its clients' orders and thus, is the sole execution venue. All transactions carried out by StoneX Europe Ltd are executed Over-The-Counter (OTC). Clients are dealing with the Company and not with the underlying market, therefore no client orders are transmitted to an organised Exchange.

All prices offered by StoneX Europe Ltd are provided by our Liquidity Provider, StoneX Financial Limited which is an affiliate company, member of the StoneX Group Inc. The prices offered by our Liquidity Provider are subject to regular evaluation and are compared to those of independent third-party providers to ensure the fairness of the price proposed to our clients.

The Company enters into all client trades as matched principal, interposing itself between the buyer and the seller in a transaction, matching all client transactions with StoneX Financial Limited in such a way that it is never exposed to market risk. All transactions are concluded at a price where StoneX Europe Ltd makes no profit or loss, other than a previously disclosed commission, fee or charge for the transaction.

5. Conflict of Interest

Our business model, acting as matched principal, mitigates the conflict of interest arising from dealing with our clients as a counterparty. Our [Order/Best Execution Policy](#) ensures that our clients are getting the best possible trading conditions across all the instruments included in our offering. The Company has established a Conflict of Interest procedure to identify, prevent and manage potential conflicts of interest. For detailed information, please refer to the [Conflict of Interest Policy](#) as published on the Company's website.
